

## Pinawor Board of Directors

PINAWOR business is conducted by a seven member Board of Directors, which meets on the first Saturday of each month, following the regular PINAWOR meeting. This Board was established to reduce the need for general business meetings that take time away from readings. The Board handles most business, but brings before the general membership issues that involve large expenditures from our treasury or that establish policies affecting the general membership.

Board members are elected for three-year terms, and those terms are staggered so that two or three members' terms expire each year. An election is held annually in mid-February, with the new Board members taking office on the first Saturday of March. All PINAWOR members are urged to vote in the Board election.

All members are encouraged to express to Board members concerns and questions about PINAWOR policies, procedures, need, etc. A suggestion box is provided for that purpose, but you may also submit a written question or statement to any Board member. PINAWOR members are also always welcome to sit in on Board meetings. The Board welcomes your input!

The current Board members are listed below. The expiration dates of their terms of service appear to the right.

Bruce Gunia, President (March, 2013)
